Attorneys Argue For Dismissal Of Proceedings

Lewis Counsel Contends U.S. Has No Jurisdiction To Issue Injunction

NORRIS-LAGUARDIA ACT EFFECT CITED (BULLETIN)

WASHINGTON, Nov. 27.-(INS)-Federal Judge T. Alan Goldsborough declared today that if John L. Lewis did not obey a restraining order directing him to halt the coal shutdown it was contempt of court.

The judge added, however: but the court does not pass on that point yet".

Amid defense arguments that the contempt proceedings against Lewis and the United Mine Workers are illegal and should be dismissed, Judge Goldsborough stated that the restraining order he issued Nov. 18 was intended "only to maintain the status quo".

By PHILLIPS J. PECK

WASHINGTON, Nov. 27. Attorneys for John L. Lewis argued today that contempt of court proceedings against the United Mine Workers leader are illegal and should be dismissed.

Joseph L. Padway, chief counsel for the American Federation of Labor and the surprise chief of Lewis' legal battery, contended that under the Norris-LaGuardia act, no United States court has jurisdiction to issue any restraining order in a labor

dispute. The government charges that Lewis was guilty of contempt of court in ignoring Federal Judge T. Alan Goldsborough's order to halt the walkout Nov. 20 of 400,000 coal

As We Give Thanks

In a world where millions still face starvation and want, America has so much for which we should be thankful.

Our harvests have been more than bountiful. There is employment for all who desire it. We have in our grasp all that is necessary to enjoy the greatest prosperity the world has ever known.

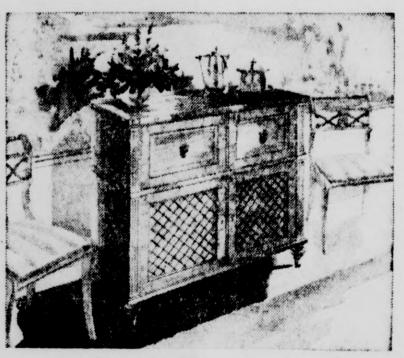

As we give thanks for these blessings, let us also pray for the wisdom to put them to their greatest use—to cease petty bickering—and really enjoy the benefits that are at our command.

Communism Raised Ugly Head In 1623

WASHINGTON, Nov. 27.-You will find this hard to believe but Communism raised its ugly head even in the Plymouth settlement, back in 1623. The second governor of that Massachusetts colony, William Bradford, tells about it in that remarkable human document which is his history of the trials and tribulations of the little band that settled in the stern New England

It was naturally not an idealogical dispute. These people were confronted with the grim necessity for survival in an alien land. They had begun by tilling communal ground, with the crop divided equally among

Hints On Etiquette

From Me To You

An' so you don't think, Neighbor Gray, I need be givin' thanks today? You say the season's been so bad There ain't much left to make us glad Well, p'r'aps you're right; but seems to me Our ways of rec'nin' don't agree Taint fair to count the things thet's wrong, An' skip the blessin's all along.

I can't say much for oats an' wheat: But then my corn was hard to beat: An' where could finer hay be found? Fruit failed, fer certain, all around-I'd not much left; but you just ought To hear the price that little brought! Potatoes? I must say they're poor; But cel'ry did its best for sure!

The lightnin' struck the barn, you said? Jest suppose the house hed gone instead! Twas years sence thet old barn was new It needed paint, an' shingles too. An' then it burnt the very day I started haulin' in the hay; It might 'er bin chock full-an' so If that wa'nt luck, I'd like to know!

It's been a powerful tryin' year, With skimpin' there, and pinchin' here But, thank the Lord! I've got a wife Thet always makes the best of life. Marier's like sunshine all day long, An' cherriest jest when things go wrong. There's nothin worries her, sez she, So long ez she hez Joe an' me.

An' so we're going to church today With thanks thet's more 'an we kin say. But Him thet knows, though words is few. Kin tell we're thankful through an' through. When standin' up with all the rest We sing our heartiest an' our best "Praise God from whom all blessings flow" Marier an' me an' little l'oel

Army, Navy Studying Plans To Protect Nation's Industry In Case Of Attack

WASHINGTON, Nov. 27.—(INS) -Army and navy officers said today that advantages for moving industries underground in defense against the atomic age appear to outweigh he drawbacks.

It was disclosed that studies have reached the stage where industrialsts could be advised in what part of the country it would be best to burrow their concerns.

As yet however, it is unknown how far down underground industries would have to be placed to be safe from possible atomic blasts. Officials said that atomic bomb tests to solve that problem would be

Shock-wave studies have been carried out at the ordnance ballistics research laboratories, Aberdeen Proving Ground, Md., to determine whether the atomic bomb would render caves useless.

Not Revealed Outcome of this research has not been revealed. Data was coupled

with information obtained through the Bikini atom bomb tests against naval vessels to determine at what height an A-bomb should be exploded to crush solid rock to a depth of 150 to 200 feet.

Army-navy officials said, however that should it be decided that caverns deep underground would be tenable in atomic war money would be saved once industries were settled beneath the earth

They listed these advantages: maintenance would cost less. For example, there would be no roofs to repair. Real estate rental would be lower. Heating would be more economic because the average normal temperature is far higher than that above the ground.

These sources named as the only drawback the psychological disadvantage, asserting that industrialists had advised them that workers are unhappy without windows. Can Surmount Obstacle

Ctate Assembly **Faced With Many Vital Problems**

Top-Heavy GOP Bloc In Harrsiburg Will Convene At Capital In Six Weeks

HARRISBURG, Nov. 27 .-- (INS)-Six weeks from today Pennsylvania's general assembly will convene at Harrisburg for its 136th regular session, expected to be one of the most important in the commonwealth's history.

Governor-elect James H. Duff has not announced his complete legislative program but he was assured of strong support from the first postwar assembly because Republican forces dominate both the House and

The GOP House bloc includes 171 members while 34 GOP senators, a constitutional majority, will sit in the upper chamber. The constitutional majority in the house is 105 votes while in the Senate it is 26. Thirty four ballots must be cast affirmatively in the upper chamber to approve executive nominations.

High on Duff's list of campaign pledges were cost-of-living increases for school teachers and state employes, a bonus for World War II veterans, stream clearance and an expanded health program for adults as well as students. Need Amendment

Present plans for financing a bonus, estimated unofficially to cost between \$250,000,000 and a half-billion dollars. will call for a constituticnal amendment to be approved by the electorate.

The amendment will have to be enacted by two separately elected legislatures. Thus, a bonus could

not be paid prior to 1949. Officials at the state capitol have explained that it may be necessary to sidetrack much of Gov. Edward Martin's postwar construction program if the commonwealth's multimillion dollar surplus was required to finance increased educational grants and a bonus.

The 1945 general assembly appropriated \$125,105,240 for the postwar program and liquidation of the general state authority. The remainder of the surplus was in the motor fund and was limited to expenditures for highways and air navigation. Funds for Projects

The postwar appropriations were earmarked for definite projects sembly could divert the funds to other purposes, such as a bonus. Fair employment practices legislation was expected to be an issue

Infant Malady Puzzles Doctors In Kingston Area

-Health officials searched grimly today for the source of an intestinal ailment which has claimed the lives of 10 newborn infants in the vicinity

of Kingston within four weeks. The bales were born in Nesbit Memorial Hospital where at least 11 others were stricken by the mysterious malady officials reported. Ten other cases were reported by the West Side Nurses Association and two physicians.

Dr. J. T. Millington, Luzerne county medical director, said five of the tiny victims had died in the hospital shortly after birth early in November while the rest succumbed in hospitals after being stricken at

The latest victim, 18-day-old Elizabeth Ann Shiner, died in Wilkes-Barre's contageous disease hospital after contracting the ailment at her parent's home in Pringle.

WHIPPING CREAM FOR THANKSGIVING

Providing you can find it, there is no longer any restriction on the sale of whipping cream, which has been made available for Thanksgiving, under an order issued by the Office of Economic Stabilization, and received today by the Lawrence County Agricultural Conservation office, of which Dorris L. Fulkman is chairman.

The conservation order, which was issued because of the shortage of butter on November 20, last year prohibiting the sale of heavy cream is thus abrogated.

What's the cause of all this maral division? Judge Carroll believes ranges anywhere from "ham and

There are both fundamental and uperficial causes of divorce, the jurist pointed out

Desertion and drinking, he says, for example, are superficial causes. In other words, there was some other underlying cause that made the cld man leave the fireside and slippers or mislay his week-ends. Judge Carroll believes there are seven outstanding basic causes for

1 The carliest cause is a "poor home" in the bride or grooms childhood, which fails to give its victim a good picture of marriage. 2. Hasty marriages, where the parties scarcely know each other, often lead from the altar right to

the court. He who does not hesitate, says the judge, is lost, for the faster you dash into the sea of matrimony, the faster you're sure to be drowned. 3. Lack of religion. Persons with-

out a deep sense of religion, Judge Carroll finds, have little sense of marital responsibility or marital

4. Failure to endure hardships or accept them as a challenge to be worked out is also likely to bounce a marriage on the rocks.

Poor Homemakers 5. Then there are the poor home-

makers-the wife who can't cook and won't clean, or the husband who fails to provide a little love est or appreciate his fireside. 6. Also anti-marriage are money quarrels or unwillingness to give up pre-marriage luxuries, such as night clubs and so on.

7. Last but not least is the little woman's financial independence. Too many women, according to Judge Carroll, assume the attitude that they can junk the works and support themselves if hubby doesn't a year raise in the salaries of teach- play the game their way.

If It is a Good Truck It Pays for Its Keep

In the horsedrawn days a farmer didn't keep a horse long, if that horse didn't pay it's way. It had to produce or else.

Same way with motor trucks. The wise operator gets rid of a truck that doesn't do the job and return dividends. You'll find a Federal owner satisfied with his truck. He knows it is paying for its keep.

We have a Federal truck for the job you have in mind.

Babe Ruth Faces

NEW YORK, Nov. 27 .- (INS)-

Neither the hospital nor his personal physician, Dr. Philip MacDonald identified the 52-year-old Bambino's ailment.

PROTECT YOUR CAR AGAINST CORROSIO

Rust is only one of several actions trying to destroy our car underhandedly. The corrosive effect of road salts and the abrasive action of flying gravel are also extremely destructive. Even in normal times it would pay to armor the underbody of your car with 3-M Underbody Protective Coathag. It is a handred times more important today when so many metal parts are irreplaceable.

nounced the resignation of the promoter Mike Jacobs Tuesday lost the first round in a \$200,000 slander action brought against him by Rep Donald O'Toole, Brooklyn Democrat,

The suit is the outgrowth of remarks allegedly made by the promoter after the Joe Louis-Billy Conn bout last June. Justice Hofstadter today denied Jacobs' motion to dismiss the action. He ruled that O'Toole's complaint contained ugh charges to bring the case to

O'Toole blasted Jacobs' conduct Babe Ruth, baseball's home run of the heavyweight title fight, and king was undergoing a series of in reply Jacobs allegedly said that medical tests today in French hos- the congressman's remarks sprung from the fact that he had been refused free tickets for the bout.

## **Bangle Day Set** For December 21

Rainbow Girls Will Sell Bangles During Christmas Seal Sale In County

Saturday, December 21, just four days before the Christmas Seal Sale concludes, will be Bangle Day in New Castle. Mary A. Howley secretary of the County Tuberculosis society, in announcing the date, said that Rainbow girls will sell the bangles in business establishments. banks and other buildings through-

Bangle Day is part of the annual Christmas Seal Sale to raise funds for the constant battle against tu-

paign have begun to arrive at the society headquarters in the Lawrence Savings and Trust building. The drive for funds officially began November 25, and thousands of envelopes containing a block of the seals have been mailed to residents

Goal set for the county is \$16,200 which will be attempted almost entirely by mail. All residents are asked to do is keep the seals and mail their dollar to the society.

Miss Howley pointed out that many people nave the erroneous idea that they are supposed to sell the seals mailed to them. This is not true, the secretary pointed out Seals delivered through the mail are for the individual or family to which they are addressed, and the money is to be sent to the society, which is your contribution to the campaign
